The 1300 CH are specially designed for outdoor wiring installations in order to protect against rain, sleet and snow. Boxes can also be used indoors to protect against dripping water.

The box and cover are made from 14 GA or 16 GA galvanized steel. Boxes have a padlock provision. Enclosures are finished with heat fused polyester powder, electrostatically applied on a phospho-

tized base. Box is ANSI/ASA 61 grey (other colors available).
CSA Certified
NEMA 3R / IP22
